Concussion Information

www.howardcountymd.gov/concussion

What is a concussion?

A concussion is a type of brain injury that changes the way the brain normally works. A concussion is caused by a bump, blow, or jolt to the head. Concussions can also occur from a blow to the body that causes the head and brain to move rapidly back and forth. Even what seems to be a mild blow to the head can be serious.

What are some warning signs of a concussion? — For Immediate Attention Call 911

Signs Observed by a Parent/Guardian

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets sports plays
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Signs Reported by the Athlete

- Headache or "pressure" in the head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light
- Sensitivity to noise
- Feeling sluggish, hazy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

What should you do if you think a concussion has occurred?

1. Seek medical attention right away.

A health care professional will be able to decide how serious the concussion is and when it is safe to return to play.

2. Legally, you must keep your child out of play until medically cleared by a qualified health care provider.

Concussions take time to heal. Don't let your child return to play until a health care professional says it's ok. Children who return to play too soon, while the brain is still healing, risk a greater chance of having a second concussion. Second or later concussions can be very serious. They can cause permanent brain damage, affecting your child for a lifetime.

3. Inform all coaches about any recent concussions.

Coaches should know if your child has had a recent concussion. Your child's coach may not know about a concussion your child received in another sport or activity unless you tell them.

4. Help your child return to sports safely after a concussion.

As symptoms decrease, the extra help or support can be removed gradually. Children and teens who return to activities after a concussion may need to

- Take rest breaks as needed
- Spend fewer hours at activities
- If in doubt, sit it out!

Consider getting a baseline test performed before a concussion occurs.

Righttime Medical Care, HeadFirst Sports Injury and Concussion Care is an innovative community program for young athletes, their families, physicians, coaches and athletic trainers in the education and evaluation of concussions, baseline testing and navigation to appropriate care in the unfortunate event a young athlete sustains a Traumatic Brain Injury.

One tool that assesses the symptoms of concussion is the ImPACT (Immediate Post Concussion Assessment and Cognitive Testing) test. ImPACT is a computerized exam that measures cognitive brain function and reaction time of athletes 10 years of age and older. It can be administered to student athletes before an injury occurs to assess pre-injury cognitive function and reaction time. It's also used to measure the impact a concussion has on areas of brain function after an injury. Essentially, the ImPACT test is a preseason physical of the brain.

HeadFirst offers ImPACT baseline testing. This non-invasive test is set up in "video-game" style and takes about 25 minutes to complete. Righttime Medical Care's HeadFirst program also offers free baseline tests to athletes ages 10 & up who currently participate in Howard County Recreation & Parks programs. ImPACT testing is offered by appointment at the following locations. Info/appointment: 888-808-6483 or www.myheadfirst.com.

Sudden Cardiac Arrest

www.howardcountymd.gov/suddencardiaccrrest

What is Sudden Cardiac Arrest?

Sudden Cardiac Arrest (SCA) is a potentially fatal condition in which the heart suddenly and unexpectedly stops beating. When this happens, blood stops flowing to the brain and other vital organs. Student athletes' risk of SCA is nearly four times that of non-athletes due to increased demands on the heart during exercise. SCA is caused by several structural and electrical diseases of the heart. These conditions predispose an individual to have an abnormal rhythm that can be fatal if not treated within a few minutes. Most conditions responsible for SCA in children are inherited, which means the tendency to have these conditions is passed from parents to children through the genes. Other possible causes of SCA are a sudden blunt non-penetrating blow to the chest and the use of recreational or performance-enhancing drugs and/or energy drinks.

Warning Signs of SCA

- SCA strikes immediately.
- SCA should be suspected in any athlete who has collapsed and is unresponsive.
 - No response to tapping on shoulders
 - Does nothing when asked if he/she is OK
- No pulse

Emergency Response to SCA

- Act immediately; time is most critical to increase survival rates.
- Recognize SCA.
- Call 911 immediately and activate EMS.
- Administer CPR.
- Use Automatic External Defibrillator (AED).

Warning Signs of Potential Heart Issues: The following need to be further evaluated by your primary care provider.

Risk of Inaction: Ignoring such symptoms and continuing to play could be catastrophic and result in sudden cardiac death. Taking these warning symptoms seriously and seeking timely appropriate medical care can prevent serious and possibly fatal consequences.

- Family history of heart disease/cardiac arrest
- Fainting, a seizure, or convulsions during physical activity
- Fainting or a seizure from emotional excitement, emotional distress, or being startled
- Dizziness or lightheadedness, especially during exertion
- Exercise-induced chest pain
- Palpitations: awareness of the heart beating, especially if associated with other symptoms such as dizziness
- Extreme tiredness or shortness of breath associated with exercise
- History of high blood pressure

How Can We Minimize The Risk of SCA & Improve Outcomes?

The risk of SCA in student athletes can be minimized by providing appropriate prevention, recognition and treatment strategies. One way to minimize risk is through an annual pre-participation screening evaluation, often called a sports physical, performed by the athlete's medical provider.

1. There is a "Pre-Participation Physical Evaluation Form" available at <http://www.mpssaa.org/healthandsafety/forms.asp>.
2. Since the majority of these conditions are inherited, be aware of your family history, especially if any close family member:
 - a. had sudden unexplained and unexpected death before the age of 50.
 - b. was diagnosed with any of the heart conditions listed above.
 - c. died suddenly/unexpectedly during physical activity, during a seizure, from Sudden Infant Death Syndrome (SIDS) or from drowning.
3. Take seriously the warning signs and symptoms of SCA. Athletes should notify their parents, coaches, or school nurses if they experience any of these warning signs or symptoms.
4. Schools in Maryland have AED policies and emergency preparedness plans to address SCA and other emergencies in schools. Be aware of your school's various preventive measures.
5. If a cardiovascular disorder is suspected or diagnosed based on the comprehensive pre-participation screening evaluation, a referral to a child heart specialist or pediatric cardiologist is crucial. Such athletes should stop playing sports pending further evaluation and clearance by their medical providers.

Therapeutic Recreation & Inclusion Services camps provide engaging and supportive environments for your child this summer.

Therapeutic Recreation & Inclusion Services

The Howard County Department of Recreation & Parks offers programming for individuals with disabilities in a variety of categories. The Department encourages individuals with disabilities to register for general recreation programs. The Department will make reasonable accommodations to facilitate the participation of an individual with a disability in any of our programs. The Therapeutic Recreation (TR) section follows a procedure for providing these accommodations. It uses the Community Recreation Assessment and Accommodation Plan to provide Recreation & Parks staff with an understanding of the accommodation being made as well as disability awareness information.

- The request for accommodations takes place at the time of registration. If registering by phone or in person, you will be asked if you or your family member require special accommodations. This is a “yes” or “no” response. If you choose to provide additional information, the staff member will note this in the online notes that are visible to staff.
- During the online registration you will come to an area that offers the following custom question: “Does the participant have an allergy, disability or any special accommodation request that we need to know about?” If you are requesting an accommodation, the answer should be “yes,” and if not, “no.” You will also be given an optional space to expand on your request in the notes section. This is viewed only by staff.
- For a fax registration form, you will notice a box for accommodations on the left. Check the appropriate areas and fax to 410-313-4660. A copy of the registration form or e-mail registration alert is forwarded to the Therapeutic Recreation Manager and Coordinator.
- For transportation with HT Ride Paratransit Certification contact: 1-800-270-9553.

Inclusion/Accommodations may include but are not limited to the following:

- a) training provided for program and inclusion support staff;
- b) an increase (not guaranteed) in staff/participant ratio (two weeks advance notice);
- c) sign language interpretation for the deaf and hard of hearing;
- d) adaptive activity equipment and/or supplies;
- e) assistance in the provision of health services that do not require medical training; and
- f) financial assistance.

Accessibility Inclusion/Accommodations services don’t include:

- a) providing a separate area or alternate activities for a significant portion (more than 25%) of the scheduled structured program;
- b) exemptions of program rules and regulations regardless of ability or disability for the safety of all program participants and staff;
- c) guarantee of specific staff for programs;
- d) individualized therapy within a program, or
- e) purchasing of personal custom devices.

Therapeutic Camp Refund Policy

Any refund request received by April 12 will be processed with a 10% administrative fee withheld. From April 15 until 4 weeks prior to the camp start date, a 50% administrative fee will be withheld. There will be no refund given for requests received less than 4 weeks prior to the camp start date except for medical reasons accompanied by a doctor’s note, the amount to be refunded will be determined by the program’s manager.

iCan Swim Camp

Are you concerned for the safety of a family member around water? iCan Swim is specifically designed to teach individuals with disabilities how to swim. Each swimmer participating in iCan Swim has their own unique goals. Goals range from an introduction to water exploration, learning water safety in an aquatic environment, learning to swim, or skill refinement in preparation to join a Special Olympics, Paralympic or other swim team. The iCan Swim program goal is to teach the foundation for safely enjoying the aquatic environment and promote as much independent movement in the water as possible. The iCan Swim program is not aquatic therapy, rather a program to enjoy the water as a leisure recreational activity. Parents must attend an information meeting on Sunday August 6, 2017 at 4 PM. Info: Susan Potts, 410-313-4628 or spotts@howardcountymd.gov or Ruth Coleman, 410-313-4708 or rucoleman@howardcountymd.gov.

General Information

Program information provided in this Guide is tentative. Consult www.howardcountymd.gov/rap for the most up-to-date information.

Registration

Program fees are established by determining the cost of supplies; fees for instructors, rentals, registrations and program administration; and the price of marketing in order to deliver high quality programs at an affordable price. See our "How to Register" section on page 3.

***Waiver:** In consideration of my (and/or my child's) participation in this activity, I hereby release and discharge the Organization, and its representatives, successors, and assigns, from any and all liability arising from accident, injury, and illness that I (he/she) may suffer as a result of my (our) participation in this activity. I (we) also will follow the rules and regulations set by the Organization and above named parties. Parent or guardian must sign for anyone age 18 and under. I do hereby grant and give these groups the right to use my or my child(s) photograph or image in conjunction with other persons or objects and presentations, advertising, publicity, and promotion relating thereto.

We reserve the right to cancel or postpone any program or activity due to inclement weather or low enrollment. A service fee will be imposed for all returned checks and could result in refusal of future participation. A service fee will be applied to all refunds and withdrawals with the exception of those due to program cancellation or medical/illness. There are no refunds for missed sessions. At a minimum a 20% administrative fee applies to refund requests; additional fees may be deducted. At least two weeks advance notice is required to avoid additional charges. Summer Camps have a different refund policy and can be found in the current year brochure. See brochure or website for details about all refunds and policies.

Participation

Only individuals who are registered may participate. Where age or grade restrictions apply, "age" usually refers to the age of the participant at the start of the program and "grade" to current grade. If any other standards apply, they will be noted in the Guide. We reserve the right to question grade or age and may request a birth certificate or other proof of eligibility.

For many programs, registrants or parents/legal guardians of minor registrants will be required to provide a signed Participant Information form at the first meeting. The purpose of this form is to ensure that participants willingly share responsibility for their own safety. All activities contain certain inherent risks that each participant assumes. Due to the strenuous nature of some activities, each participant is urged to consult his or her physician concerning his or her fitness to participate. Please note that many programs will require confirmation that immunizations are current.

A parent or legal guardian must accompany a child each day for both check-in and pick-up. It is your responsibility to sign your child in at the beginning of the program and sign your child out immediately following the program. Staff is not responsible for your child before or after scheduled activities. A fee may be assessed if your child is not picked up at the close of the program.

Children must remain with the program for the full period scheduled. To leave before a day's program is complete, a child must have written parental consent or the parent/legal guardian must pick the child up after notifying the program director. No refunds will be issued for time missed for this or from dismissals resulting from disciplinary action.

In determining whether child is ready to participate in these activities, **please be aware that our staff does not change diapers.**

Filled Programs

Space is limited in most activities — early registration is advised. If a program is filled when we receive your registration, we will contact you; you may then cancel your application at no charge, select an alternate program or place your name on a waiting list. There is no fee to be placed on a waiting list.

Canceled Programs

We don't like to cancel programs, but each one must meet its minimum enrollment. Don't be disappointed — register early and bring a friend! An activity may also be canceled due to circumstances beyond our control, such as the unavailability of an instructor or location. If a program is canceled, registrants will be contacted immediately and a full refund credited.

Financial Assistance

The Howard County Department of Recreation & Parks can provide limited financial assistance to Howard County residents who qualify. In addition to a completed application, you must provide one of the following:

- verification of qualifying income level (2016 tax return required) or
- proof of assistance from the Department of Social Services.

Funds are limited and a deposit of 25% of the program fee is required at least one month prior to start date with the application/registration form. Call 410-313-4659 for additional information and guidelines.

Make a Donation

You can make a tax-deductible contribution to our Scholarship Fund by www.howardcountymd.gov or call 410-313-4683. You may also donate online through our online registration site (click on "donation" button).

Refunds

We recognize that you may wish to withdraw from a camp for a variety of reasons, but we encourage early decisions so as to not inconvenience other participants or affect our ability to efficiently deliver activities. Customers requesting a refund prior to two weeks before the camp starts will be given a full refund. Refunds requested within two weeks of the camp starting date will be charged a 20% administrative fee. Additional fees may be assessed to recover costs (shirts, supplies, equipment, etc.) associated with the program. There are no refunds given for missed camp days. Refund policy for therapeutic camps is on page 58.

Inclement Weather & Program Status Information

Check with your instructor about exceptions to the following circumstances and make-up dates for canceled sessions.

- If it rains, only some outdoor classes will be canceled.
- When it appears that lightning is a potential threat to participants, scheduled outdoor activities or activities in progress may be canceled.
- If it snows on a weekday and the snow emergency plan is in effect in Howard County, scheduled programs will be canceled. Drop-in programs at Recreation & Parks facilities may run, call the facility inclement weather number, 410-313-4452.
- If it snows on a weekend and the snow emergency plan is in effect at 7 AM, programs held in public schools for that day will be canceled. If a snow emergency is declared after 7 AM, programs in schools in progress may be completed but those later in the day will be canceled.

- If schools are closed or dismissed early due to inclement weather, programs in schools will not be held.
